Ref: CFA-4 Report Filing

Please find attached, our committee report for filing report 1/1/08-12/31/08.

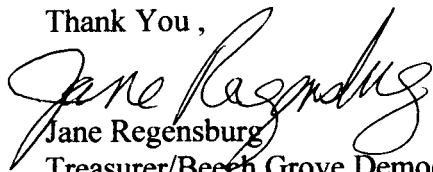

I apologize that I missed January filing deadline. I truly didn't recall that we had one due at that time. I received a certified mail notice on February 24th, and had letter picked up for me on Feb. 25th. In the past this group was considered a Club, not a PAC and other than City of Beech Grove Election year, my recollection was this annual was then due in March.

I have been tending to care of my mom away from my address, and that is why I didn't pick up notice until that time.

Other than normal club supplies, and operating expenses, typically our account is active Prior to primary and through Beech Grove election, as it is our purpose to fund the Beech Grove Democrats in that election.

I will certainly make notice of the January filing date in the future, and I ask your consideration in waiving any fines that relate to this filing date. I will however accept whatever your decision is and will take care of on my own whatever is decided, as this is not a reflection of any other member of this group.

Thank You ,

Jane Regensburg
